Job Announcement:
Full-Time Research Associate

Professors Ron Berman (Wharton Marketing) and Hummy Song (Wharton OID) are seeking a highly skilled and driven individual to work as a full-time Research Associate for at least one year. The start date is subject to negotiation and may be as early as June 2022. The job will entail close collaboration during all stages of empirical research. Current projects span the fields of digital marketing analytics, causal inference, health economics, and health care operations management.

Responsibilities

Job responsibilities include, but are not limited to, data collection, data cleaning, econometric analysis, and writing research reports. Independent thinking; attention to detail; a strong foundation in statistics and econometrics; an ability to write clearly; and self-motivation are highly valued in performing these functions.

Qualifications

Minimum BA/BS degree in Economics, Statistics, Mathematics, Computer Science, Engineering, Operations Management, or another closely related discipline. Previous experience as a research assistant or pursuing independent research is preferred. Qualified candidates must be well versed in programming in Stata and/or R. Familiarity with Python is a plus.

Preference will be given to candidates who aim to broaden their research experience before pursuing a graduate degree in a social science discipline.

How to Apply

- Apply by sending a cover letter, CV, sample code (.do and/or .R files), writing sample (2-3 pages), and unofficial transcript to ronber@wharton.upenn.edu **as a *single* PDF document** named "Lastname_Firstname.pdf" with the email subject line "RA Application".
- Your cover letter should describe your interest in the position; details on your programming experience and familiarity with specific programming languages; your prior experience as a research assistant and/or with independent research projects; and the names, email addresses, and phone numbers of 2 references.
- We will be accepting and reviewing applications on a rolling basis between now and January 31, 2022, or until the position is filled.
